

ComMunity Bus Update

May 2021

We're finally back on the road!

Our **KETTERING CATCHER** bus is back!

Following the easing of national lockdown, we're delighted to be helping our members going out and about again. This time, we went to a different destination, with some new faces from Walgrave and Broughton!

We cannot succeed without our users. Only with more users and higher demand of our service can we offer more, in a sustainable manner. We're working hard on this.

Let's go shopping!

We'll soon see the lifting of COVID restrictions from the 17th May, which will see the reopening of indoor hospitality. By then we'll be able to sit comfortably and enjoy a meal both indoor and outdoor.

During the lockdowns, business in our towns and high streets had vanished. Shops and restaurants have been struggling to survive. If they cannot make it, we will not only lose the small local shops which we love, but also local economy and jobs.

Therefore we're planning to launch our **CMB Trips**, which bring you to different towns or locations of interest. These trips are organised alongside our regular **KETTERING CATCHER** shopper service, which are designed to help users primarily with their weekly grocery shopping.

If you don't use it, you'll lose it!
